==

Adverting to G O No 7317-20/CM 79-53-6 dated 24th September 1953, sanctioning the estimate for Rs 99,850/- for cement concreting the old Santhepet road and cement concreting and tarring the sides of Dhanvantri road, the cost thereof being met by the Government and the Municipality in equal proportions, I write to state that action has been taken to take up the cement concreting of both the roads The municipal Engineer reported that the services of a Mechanic trained in the preparation and supervision of laying of concrete asphalt joints, which is most important in the formation of concrete roads, are absolutely necessary He therefore suggested that a Mechanic so trained might be appointed on Rs 60 plus the usual D A of Rs20/- The Managing Committee and the Council before whom the above proposal came up for their consideration at their meeting held on 20-11-1953 and 10-10-1953 duly approved of the proposal of the Municipal Engineer I enclose a copy of the resolution of the Council and request that orders of Government may kindly be obtained for the appointment of the Mechanic The cost in this behalf will be met out of the provision under supervision charges in the consolidated sanctioned estimate for the above works The appointment is for a period of three months only, involving a cost of Rs 240/- in the aggregate I request that early orders of Government may kindly be obtained and communicated in the matter

Yours faithfully,
(N Lakshman Rau)
Municipal Commissioner
